

Dear Fellow Retiree,

We are making it easier for you to sign in to the IMFRA website. Soon, you will be able to use the personal email account you already have registered with FIN and the one by which you are receiving this email, such as Gmail or Outlook, instead of a separate IMFRA website username and password.

What is changing

- You will sign in with the personal account already registered with FIN and the one by which you are receiving this email, such as Gmail or Outlook.
- You will no longer need to remember a separate username and password for the IMFRA website.
- The new sign-in experience is intended to be simpler and easier to use.

What you need to do now

- No action is required at this time.
- We will send clear instructions before anything changes for you.

We will share more information soon, including a simple step-by-step guide to help you sign in.
